The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

## **Welcome Letter**

Welcome to the 2024-25 School Year:

On behalf of the Wellington-Napoleon R-IX Board of Education, allow me to welcome each student and family to the 2024-2025 school year! I would like to thank the community for their passionate support of WN R-IX. We as a district hope to build on the successes of last school year, and continue to grow into the future. We hope you had a wonderful summer, and I am excited to welcome our students and families back from summer break. New families to our district, welcome to the WN Dynasty, and we are proud you chose to be a Tiger!

We are committed to a wonderful educational experience for all WN families. During the 2022-23 school year, a group of district stakeholders helped to develop our Continuous School Improvement Plan (CSIP). The CSIP is updated annually and serves as the guiding document for our district over the next 5 years. Please take a few moments to review the document by visiting the district website [www.wntigers.net](http://www.wntigers.net). The mission of Wellington-Napoleon R-IX is **Students First for a Better Tomorrow!** This statement drives all decisions in the education of our students. It is imperative to uphold the values of our mission through the educational and extracurricular experiences provided to our students. Commitment to the mission, and associated success, truly takes a village. The support staff, teachers, coaches, administrators, parents, and community members of WN are all here to support our children to maximize their potential.

In closing, it is an honor to serve the students, families, and community of Wellington-Napoleon as Superintendent of Schools. We will continue to embrace the traditions of the WN Dynasty, build on the successes of the past, and push the boundaries of achievement for the future. It is the people of any organization that drive success, and I know through our collective capacity, we can accomplish great things. Our school district and staff have been working feverishly over the summer months to ensure a safe, enriching, educational experience for our students. Thank you for your continued support and I look forward to another amazing school year.

Yours in Education,

Brad Briscoe Ed. D.

## **Attendance and Absence Procedures S-115-S**

### *Expectations for Attendance*

Regular attendance, in addition to being mandated by law, is essential for students to achieve academic success. As such, it is the responsibility of the student and parent to ensure such regular attendance. Attendance in early grades is crucial to later academic development. Attendance habits are formed in early grades. Later, attendance problems may be prevented with intensive family and student interventions in early grades. Discuss and set attendance expectations with your child and refrain from having your child miss school unless they are sick. Student attendance will be closely monitored and intervention strategies will be implemented if and when necessary. Excessive absences may be cause for reporting educational neglect to authorities and reason for retention.

### *Truancy*

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Students who are truant are encouraged to make-up the work to aid learning. Families are entitled to appeal assigned consequences to the Superintendent or designee.

### *Procedures to Follow When Your Child is Absent*

On the day of an absence, the parent/guardian of the child must call the school by 8:30 AM to notify office personnel of the reason for the absence and if any homework is being requested. The parent/guardian must call the office every day the child is absent. If the office has not received a call by 8:30 AM, district communication will be directed to parents verifying the reason for the absence. Upon the students return to school please provide a doctor's note (where applicable) for absence verification purposes.

### **High School**

Students are allowed 8 absences per semester. If a student exceeds the 8 absences in a particular class, they will lose credit for that class for the semester. These absences can be appealed to an attendance committee and this committee will decide the outcome. If the student exceeds the 90% attendance rate the following semester, the credits can be restored. The school will initiate communications with parents/guardians when a student reaches five (5) absences in any one class. The school will communicate with parents/guardians when a student reaches eight (8) absences in any one class.

- **College Visits:** The junior/senior student must bring a signed note from the college representative they meet with, showing that they were on campus the day of the absence. Students must have prior approval from the High School Principal. College visit forms may be found on the school website or through the high school office. Juniors and Seniors will be allowed three (3) college visit days each school year, which will be marked as an excused absence.

### *Make-Up Work*

All students (K-12) are expected to make up work when absent. The parent or student needs to contact the teacher to obtain assignments. Students will have one *full* day for each day missed to turn in the work. For example, if a student is absent on Monday and Tuesday, the student will have Wednesday and Thursday to complete the work and the work must be turned in on Friday.

### *Activity Absence*

An activity absence will be granted when a student must miss a class to represent the school in a school-sponsored activity. A list of students will be given to teachers prior to such activities. Students WILL BE required to make up assignments given while he/she is participating in a school sponsored activity or class. Projects that have been assigned and due the day of the activity should be turned in before leaving to attend the activity or prior to the absence. Students must meet with the teacher to ensure work is completed as required related to these absences.

- Students are required to be passing 80% of all coursework to attend field trips.
- A student must be present from the beginning of third hour for the remainder of the day in order to attend any extracurricular activities that day. Excused activities include doctor appointment with a note, driver's permit, military responsibilities, and a funeral.
- In the event of daytime activities, field trips, etc., the student must be present the required time the day before.
- In the event of weekend activities, field trip, dances (including prom), etc., the student must be present the required time on Friday. Administrative approval may be granted to immediate family members under certain circumstances.

### *Tardiness*

A student will be considered tardy at the beginning of the school day if he or she arrives in the building after 7:45 AM and before 8:00 AM. If a student arrives after 8:00 AM, he/she will be considered absent. If your child is continuously tardy they miss important instructional time. Your child's grades and academic progress may suffer.

### **High School**

Any time missed is considered an absence from school with the exception of the first 15 minutes of the school day. If a student arrives late to 1st hour, but does not exceed 15 minutes, it is a tardy. If a student arrives late to school past 15 minutes, it is considered an absence. Tardies are accumulated per quarter.

- On the 3<sup>rd</sup> & 4<sup>th</sup> tardy, the student will serve an after school detention
- On the 5<sup>th</sup> & 6<sup>th</sup> tardy, the student will serve one day ISS

- 7<sup>th</sup> tardy and any thereafter, the student will be assigned 1 day OSS

### *Illness*

Parents are asked to call into school each morning if a student is staying home due to an illness to verify parental knowledge that the student is absent. Students who become ill at school are required to visit the nurse's office for evaluation. No student will be allowed to leave until the school nurse or designee has contacted a responsible adult, preferably a parent.

### *Leaving School during School Hours*

Students will be asked to confirm with their parents by phone that it is their intent that the student be allowed to leave school before 3:30. If a student signs out and leaves it is considered an absence for the class periods missed. Students will not be allowed to sign out unless a parent signs them out or they have parent permission (even if 18 years of age).

## **Dress Code S-180-S**

The purpose of a dress code is to contribute to a safe, healthy environment that protects students and maintains a focus on learning. The dress code included in this handbook provides guidance to students and parents as to what constitutes appropriate attire for school and school activities. District administrators have the discretion to determine whether a garment or manner of dress not specifically described below is appropriate attire for school and school activities and/or causes a disruption to the educational environment. Administrators have the authority to take action to address dress code matters as they arise. The following District guidelines should be observed:

Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

Breakfast K-12	\$1.95
Lunch K-5	\$2.45
Lunch 6-12	\$2.70
Breakfast Adult	\$2.35

Under approved circumstances, lunches may be delivered to students by a parent or guardian, and should be delivered through the office. All meals should be paid for upfront. Please send only the money a child needs for upcoming expenses in an envelope with the child's name, the amount and what it is intended for. A la carte items may be purchased by the students if they have money in their accounts, No charges for A la carte items. The amount of each item will be deducted from the student's account.

Students who carry a negative balance will not be allowed to purchase a la carte items. Students will not be allowed to charge more than \$20. Parents/guardians will have the ability to pay lunch fees online.

Students, who have food (including milk) allergies, need to pick up a form in the Nurse's Station to be completed by the child's medical physician and returned to the elementary office.

#### *Free and Reduced Lunches*

The Wellington-Napoleon School participates in the Free and Reduced Price Lunch Program, authorized through the U.S. Department of Agriculture. The standards of eligibility for student participation are that of the U.S. Department of Agriculture. Information relative to eligibility and application forms are provided to all students upon enrollment, on the first day and throughout the school year in the office. Information regarding application for Free and Reduced Meal status is kept strictly confidential.

#### *Adult Visitors for Lunch*

Parents/guardians and adult siblings are allowed to join students for lunch or breakfast. Visitors should check in at the office and walk with their child to the meal. If parents/guardians need to drop food off, please drop off a meal at the front office prior to specified lunch time.

### **Allergy Prevention and Response S-145-S**

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

#### *Building-Wide and Classroom Approaches*

Parents/guardians should provide, at the time of enrollment, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine, asthma-related medications, and Narcan as allowed by District rules. If you do not want these medications administered to your student in an emergency, please notify the school nurse in writing.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities.

#### *Individual Approaches*

The District will evaluate and determine whether a student's allergies rise to the level of a disability that requires accommodations through the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

### **Health Services S-215-S**

Health services are provided under the direction of a school nurse. The nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office.

#### ***Illnesses/Injuries***

Health Services include prompt first aid and illness care, injury and disease prevention education, and encouragement of the student's development of responsible, effective self-care. Health care provided during the day is for injuries and illnesses that occur during the school hours. If your child becomes injured or ill at home, please take care of these in your home.

#### *First Aid*

If your child is injured at school, the School Nurse or designee will evaluate the injury and develop a plan of care. This could include triple antibiotic ointment and a Band-Aid,

stabilization, ice bags, pain reduction or rest. If the injury is severe, parents will be called and further care will be their responsibility.

### *Illnesses*

Illness that interferes with the student's ability to participate in the educational process will require that the parent is notified and arrangements are made to pick up the child. Children who are vomiting or in severe pain will not be sent home on the bus or allowed to walk home. A responsible adult must pick up the child. **A child will not be allowed to return to school until fever free (under 100.4) or they have not vomited for 24 hours. If a child leaves school one day vomiting and /or running a temperature above 100.4 they may not return to school until 24 hours has passed. Please do not ask the nurse to make exceptions to these rules.**

### *Head Lice*

Please notify the nurse's office if your child has head lice or nits (eggs). Periodic screenings are conducted by the school nurse to check for head lice and/or nits. The school District has a NO lice or nit policy. If lice/nits are found during screening, parents will be contacted and the child will be sent home until all lice and nits have been removed. It is not the nurse's job to remove the lice or nits from the child's hair. The child must be seen by the nurse and cleared to return to the classroom. If the child continues to have lice and/or nits on the recheck, the child will be sent home again for further treatment. The nurse can assist with any questions you may have.

### *Emergency Contacts*

In order to facilitate proper care for the students, we must have adequate means of contacting a responsible adult willing to assume care of the student. Emergency information sheets and medical history forms will be given to parents at the back to school meetings, please complete and return the first day of school with your child. Please fill out completely and return promptly. **If any phone numbers, places of employment or alternate contacts change, the office must be notified immediately.** If your child needs immediate medical care not available at school and we are unable to reach a responsible adult; the school District will arrange appropriate transportation to the nearest medical facility.

### *Immunization Requirements*

According to state statute, it is unlawful for any student to attend school unless he/she has been immunized as required under the rules and regulations of the Division of Health of the Department of Public Health and Welfare, and can provide satisfactory evidence of such immunization. It is unlawful for any parent or guardian to refuse to have his/her child immunized as required, unless the child is properly exempted.

## ***Health Screenings***

Parents will be notified prior to any hearing, dental, or vision screening that the District conducts.

## ***Health Office***

If you have any questions, please contact Sammy Jones, (816) 240-2621 ext. 254, [sjones@wntigers.net](mailto:sjones@wntigers.net).

## **Administration of Medication S-135-S**

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication should be brought directly to the health office and must be accompanied by the following information:

*Non-Prescription Medication* – A written note from the parent/guardian with the student's name, reason for the medication, the time the medication is to be given, the dosage prescribed, and the number of days the medication is to be administered at school. These medications include, but are not limited to, allergy medication, decongestants, cough syrup, ibuprofen (Advil), acetaminophen (Tylenol), cough drops, or others.

*Prescription Medication* – Prescription medication must be sent to school in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider.

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need-to-know basis. Please contact the school nurse.

## **Communicable Diseases F-245-S**

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline in accordance with the discipline code, and state and federal law.

#### *Immunizations and Vaccinations*

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

#### Asbestos F-215-S

The U.S. EPA Asbestos Hazard Emergency Response Act (AHERA) under the Federal Code of Regulations 40 CFR 763.93g(4) requires that building occupants be notified annually of the presence of asbestos in the building and the availability of the Asbestos Management Plan.

WN-R-IX facilities are inspected by Roth Environmental Consultants, Inc. who are certified asbestos inspectors as required by the AHERA law. The inspectors located, sampled and rated the condition and potential hazard of all building materials in our facilities suspected of containing asbestos. The inspection and laboratory analysis records were then incorporated into a management plan by the consultant. The management plan contains among other things; this notification letter, the location of all asbestos containing building materials within each school building, education and training requirements for employees, a set of plans and procedures designed to minimize the disturbance of asbestos containing materials and plans for regular surveillance of the asbestos containing materials.

A copy of the Management Plan and inspection reports are available for review at the The WN R-IX Central Office located at 800 Hwy. 131, Wellington, MO as well as each school office. Questions regarding asbestos or the management plan may be directed to WN R-IX Central Office at (816) 240-2621.

#### **Student Insurance S-140-S**

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries. The District does, however, make an optional student accident group plan available for students, for which a carrier is named and rates established annually.

Families and/or students must deal directly with the insurance carrier to obtain information about available coverage and policies.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at:

## **Student Records S-125-S**

### *Access to and Release of Student Information*

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the building secretary. Requests to amend education records may be directed to the building secretary to obtain the proper form. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

### *Directory Information*

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent or eligible student unless a parent or eligible student notifies the District in writing. Parents and eligible students will be notified annually of the information the District has

designated as directory information and the process for notifying the District if they do not want the information released. Even if parents or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent (with exception of disclosures required by law), you must notify the District in writing by September 1<sup>st</sup> of each school year.

The District designates the following items as directory information:

*General Directory Information:* The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

*Limited Directory Information:* In addition to general directory information, a student's address, telephone number and email address; and the parents' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

#### *School Officials with a Legitimate Educational Interest*

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

#### *Release of Records to Other Agencies or Institutions*

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

#### *Military and Higher Education Access*

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent or a secondary school student who is at least 18 submits a written request, the District will not release the information without first obtaining written consent from the parent of the student/eligible student.

#### *Release*

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form from the building secretary.

#### *Notice*

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

Free language interpreting and translation is available for parents/guardians and students who require it. If you require an interpreter, please inform your student’s teacher or school, and the District will arrange for an interpreter to assist at no cost to you. If we do not have an interpreter for your language, we will work to find someone who can help.

## **Visitor Procedures C-155-S**

For student purposes, all visitors MUST use either the Elementary or High School entrance, report to the office, and sign in and out upon arrival and departure. No one will be allowed to enter the hallways or classrooms without permission from the office and without a visitor's pass. If you need to pick up your child before the end of the school day, come to the office and your child will be called to the office.

Since classroom observations and visits can be disruptive, the District does not permit parents/guardians or other family members to visit classrooms during instructional time for the purpose of observing students unless the principal has approved the visit in advance.

If you would like to be an "at home" or "at school" volunteer, please contact the building principal or secretary. Volunteers work in the office to make copies and complete various tasks for all teachers. We appreciate your understanding of these procedures as we strive to protect and keep all of our students safe and value instructional time.

## **Student Discipline S-170-S**

### *Student Code of Conduct*

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

- (1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
- (2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
- (3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
- (4) Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student

may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

#### *Standards of Conduct and Consequences*

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

## **Bullying, Hazing, and Cyberbullying S-185-S**

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

### *Definitions*

*Bullying* – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

*Cyberbullying* – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

*Anti-bullying Coordinator* – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The building anti-bullying coordinator for each building is the building principal.

### *Reporting Bullying or Cyberbullying*

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an

incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

#### *Investigation*

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

#### *Retaliation*

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

#### *Consequences of Bullying, Cyberbullying, or Retaliation*

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy. Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any

determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

### *Public Notice*

The District will:

1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative effects. Techniques will include, but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself/herself assertively and effectively; helping the student develop social skills; and/or encouraging the student to develop an internal locus of control.
4. Implement programs and other initiatives to address and respond to bullying in a manner that does not stigmatize the victim and makes resources or referrals available to victims of bullying.

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

### ***Report Form***

The District's Bullying Incident Report form is available by contacting the main office of your children's school.

### **Complaints or Concerns C-120-S**

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve problems. This step will usually involve communicating directly

with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name: Brad Briscoe, Superintendent  
Phone #: (816) 240-2621  
Email Address: [bbriscoe@wntigers.net](mailto:bbriscoe@wntigers.net)

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name: Justin L. Mefferd, MS/HS Principal  
Phone #: (816) 240-2621  
Email Address: [jmefferd@wntigers.net](mailto:jmefferd@wntigers.net)

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

## **Student Searches S-175-S**

Desks, lockers, and other District property provided for student use are subject to periodic and random inspections without notice. Each student in grades 6-12 is assigned a hallway and gym locker. Locks are installed by the District.

Student property may be searched based upon reasonable suspicion of a violation of school rules or law and an examination of facts, credible information, or reasonable inferences based upon the facts and circumstances. Searches will be conducted in the presence of an adult witness.

Students are allowed the privilege of parking on school premises. The District has the authority to monitor vehicles and the parking lots of its campuses. The interior of a student's vehicle may be searched if the administration has reasonable suspicion that the search will reveal evidence that the student has or is violating school rules and/or the law.

Law enforcement will be contacted if a search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime. The District reserves the right to utilize drug dogs to search the premises on a random, proactive basis. Drug dog searches will be coordinated through the Lafayette County Sheriff's Department, under the supervision of trained dog handlers.

## **Student Alcohol/Drug Abuse S-195-S**

The District takes measures to foster a safe and drug-free learning environment that supports student engagement and development. Therefore, educational programs are provided to help students cultivate healthy lifestyles and age-appropriate drug awareness. All use, sale, transfer, distribution, possession, or being under the influence of unauthorized prescription drugs, alcohol, narcotic substances, unauthorized inhalants, controlled substances, illegal drugs, or counterfeit substances on any District property, vehicles, or at District-sponsored events is strictly prohibited. Suspected or known violations of the District policy should be immediately reported to a school authority. Any incidents that violate this policy are subject to disciplinary action and notification to law enforcement. Any confiscated substances will be turned over to law enforcement.

In cases where it is necessary for a student to take prescription or over-the-counter medications during the school day, the medication must be documented by the nurse's office in accordance with written label directions and parental permission in compliance with District rules. (See the Handbook's section on Administration of Medication for more information.)

Any drug/alcohol offense may result in one or more of the following: Administrator/Student conference, detention, in-school suspension, 1-180 days out-of-school suspension or expulsion, restitution if appropriate, loss of privileges including, but not limited to: confiscation of the contraband item, loss of parking privileges, loss of

## **Student Alcohol and Drug Testing S-196-S**

The District has adopted a random drug testing program for middle school and high school students participating in extracurricular activities and certain co-curricular activities in which the student will be representing the District. The goal of the program is not to levy discipline, but rather to aid in the discovery and prevention of possible drug-related problems. This policy can be accessed in its entirety at the office, the District's Central Office, and on the District's website. Portions of the policy are provided below.

*Activity Season* - The period of time specified by the Missouri State High School Activities Association, the District, or some other governing body, as the time during which the Activities may be conducted. This time period shall be further defined to begin with the first scheduled competition/performance and end with the last scheduled competition/performance and shall not include training time which is allowed prior to the first competition/performance.

*Consent Form* – The Parent/Guardian Drug Testing Consent Form which is adopted by the District's Administration.

*Contests/Performances* – The scheduled games, matches, contests, or performances (including District, Sectional and State contests) for any Activity.

*Controlled Substance* – Any substance listed in Section 195.010 RSMo and Schedules I through V of Chapter 195, RSMo. Examples of such substances include, but are not limited to, marijuana, hashish, cocaine, crack, amphetamines, methamphetamine, barbiturates, opium, and heroin.

*Deadline Date* – The third Friday following the first day of classes in the District each school year or by the date of the first contest in an activity which the Participant participates, whichever comes first.

*Drug* – Any controlled substance or other drug which requires a prescription which the Participant does not possess.

*Drug Test* – A validated method to test for the presence of controlled substances and drugs in a person’s urine.

*Park on School Property* – A student parks on school property during the school day. The car(s) that the student regularly parks must be registered with the high school office. The student is required to park in the designated student area on school property.

*Participant* – Any student in grades six through twelve who participates (or desires to participate) in Activities and/or signs up for such Activities or Parks on School Property.

#### *Procedures for Testing - Consent Form*

In order to participate in Activities or Park on School Property, a Participant must provide the District with a signed Consent Form. The Consent Form will be distributed at the beginning of the school year and must be signed and returned no later than the Deadline Date, regardless of when the student will participate in the Activities or Park on School Property. The Consent Form will be provided to students who enroll after the first day of classes of the school year. Students must submit the signed Consent Form by the Deadline Date. These Participants may also be subjected to immediate random Drug Testing. Any student who fails to return a signed Consent Form by the Deadline Date will be prohibited from participating in any Activity during the school year.

Parents of students who wish for their students to participate in the drug-testing program may voluntarily enroll the student in the program even if the student does not participate in extracurricular activities or park on school property. If the student is selected for a random test and tests positive, the parent will be notified but the student will not be penalized through this policy or the District’s Student Discipline Policy.

#### *Procedures for Testing – Random Selection*

Each Participant who has returned a signed Consent Form will be assigned a random number for testing purposes. The Participant’s Drug Testing number will be used by the laboratory which conducts the Drug Tests to refer to the Participant. In order to assure privacy, the name of any student who is tested shall be known to District Administrators only on a “need to know” basis. The selection procedure shall be performed by the laboratory testing personnel who are used by the District. Selection of the Participants for each Drug Test shall be accomplished by random sample of all Participants.

#### *Procedures for Testing – Drug Test and Test Result Reporting*

Participants who are selected by random sample will be asked to provide a urine specimen. In order to assure privacy, the specimen shall be collected in a private restroom facility behind a closed stall. The process will be supervised by trained personnel who will remain outside the stall. If the test is positive, the designated

laboratory personnel will notify the designated District Administrators that a positive result was obtained. The designated District Administrator will contact the parent or guardian of any Participant who has a positive test result. If the student/parents assert that the positive test was caused by something other than the consumption of a Drug, the student/parents will have 72 hours to produce evidence to the laboratory's medical review officer. This evidence should include a list of all substances, along with the appropriate prescriptions that the student may have taken prior to testing.

### Consequences

A Participant who tests positive on a Drug Test administered under this Policy shall be subjected to the following penalties:

**First Offense-** Suspension from participation in all school-sponsored activities and/or driving to and from school for a period of 30 calendar days from when the test results are determined by the test administrator. This includes all dances, including prom. The student can attend practice sessions, continue to attend team functions and sit with fellow participants during the activities but may not participate. After a student tests positive for illegal substances, he/she will be subject to non-random testing at the request of the administration for the remainder of the student's participation in extracurricular activities and/or parking on school property in the designated student areas for the current school year.

**Second Offense-** Suspension from participation in all school-sponsored activities and/or driving to and from school for a period of one calendar year.

**Third Offense-** A third positive test results in the permanent loss of extracurricular and/or parking privileges during the student's middle and high school career.

Unless a student has committed a third offense, any student who has been suspended may continue to participate in practice only if there is a possibility of returning to that in-season Activity.

Each Participant who is suspended from Activities because of a positive Drug Test will be required to pass a Drug Test administered by the District's testing service prior to being reinstated to Activities. After passing a Drug Test and being reinstated, the Participant will be placed back in the testing pool and will be eligible for random testing.

All Participants are expected to cooperatively participate in the procedures set forth in this Policy. A Participant, who refuses by word or actions, to cooperate with a Drug Test conducted under this Policy, in the opinion of the personnel conducting the Drug Test, shall be treated as if he/she had a positive test result of a Drug Test and will be subjected to the consequences described above. A Participant who engages in conduct which gives the District or personnel conducting the Drug Test the reasonable belief that the Participant has (or has attempted to) alter, adulterate, modify or change any specimen, Drug Test or Drug Test record, shall be treated as if he/she had a positive test result of a Drug Test and will be subject to the consequences described above.

### Drug Counseling and Assistance

Upon request, the District's counselors will provide information on treatment programs and other resources available in the community. Students who pursue, and complete a drug education program as a result of a positive drug test shall be eligible for the length of the suspension to be reduced by half (Example 30 day suspension may be reduced to 15 days). This opportunity will be coordinated through the office of MS/HS Administration, and is only available one time during a student's MS/HS career.

### Drugs for which Wellington-Napoleon R-IX High School will be testing:

THC (marijuana), cocaine, amphetamines, opiates, oxycodone, methamphetamine, phencyclidine (PCP), barbiturates, benzodiazepines (depressants), propoxyphene (pain reliever), methadone (pain reliever), and MDMA will compose the test. Alcohol can be tested on a reasonable suspicion basis. The school District will pay for all random drug screenings.

Appeal Procedure – If a Participant receives a suspension from Activities pursuant to this Policy, the Participant may appeal the decision in writing to the Superintendent. The Participant's written appeal shall be reviewed and a decision shall be rendered within five (5) working days following the date the written appeal was received by the Superintendent. Following the decision by the Superintendent, the Participant may appeal in writing to the Board of Education. During the appeal process, the Participant remains suspended from all Activities.

## **Weapons in School S-200-S**

The District strictly prohibits unauthorized possession or use of weapons on District property, at District-sponsored activities, either on- or off-campus, and District transportation. Weapons will be confiscated and reported to law enforcement authorities.

Examples of prohibited weapons may include, but are not limited to, blackjack, concealable firearm, explosive weapon, firearm, firearm silencer, gas gun, knife, machine gun, knuckles, projectile weapon, rifle, shotgun, spring gun, switchblade or any knife, mace spray, or any other items customarily used, or which can be used, to inflict injury upon another person or property.

By law, a student who brings a weapon prohibited by law on school property will be expelled or suspended from school for not less than one calendar year and referred to law enforcement. The expulsion or suspension may be modified on a case-by-case basis upon the recommendation of the Superintendent to the Board. Other provisions of the discipline code related to the offense may be applied in addition to the consequences required by law. Students with disabilities who violate this policy will be reviewed under the provisions of the Individuals with Disabilities Act (IDEA) and/or Section 504 of the Rehabilitation Act.

## **Instruction**

### **A+ Program S-130-S**

*A+ Program Description*

The District is a proud participant of the Missouri A+ Program. As a designated school, the District graduates are eligible for the A+ designation, which qualifies them to receive A+ monies from the state to be used for tuition to any public community college or public vocational technical school in Missouri. Several four-year colleges and universities accept A+ credentials and funding as well. Some private, career/technical schools are also A+ eligible. In addition, more four-year institutions are offering incentives for students who meet the A+ criteria.

#### *A+ Program Requirements*

To participate in the A+ program, a student must meet all requirements. The student must be a U.S. citizen or permanent resident and have attended an A+ designated high school for two (2) consecutive years prior to graduation. The student must graduate with a non-weighted GPA of at least 2.5 on a 4.0 scale and have maintained at least a 95% attendance record in grades 9-12. In addition, the student must have performed 50 hours of unpaid mentoring and/or tutoring at a District school under District supervision coordinated through the A+ office. A score of proficient or advanced on the Algebra I end of course exam or a higher level DESE approved end-of-course mathematics exam must be achieved. If a student meets all of the eligibility requirements except the end of course exam requirement, you may establish eligibility by achieving a combined ACT math subscore and high school GPA in accordance with the following scale.

16	2.8 or greater
15	3.0 or greater

Finally, the student must apply for non-payback scholarships by completing a FAFSA (free application for federal student aid) form.

All curriculum materials used in the District's human sexuality instruction or sexual abuse training are available for review prior to its use in instruction.

### *Teaching About Computer Science I-123-S*

For students electing to use a computer science course for a math unit, please be aware some institutions of higher education may require four units of academic credit in math for college admission. If a student chooses to take a computer science course to fulfill a unit of academic credit in math, the parent/guardian who signs the Acknowledgement Form for this Student Parent Handbook acknowledges taking a computer science course to fulfill a unit of academic credit in math may have an adverse effect on college admission decisions for their student.

The guidance counselor will notify the student's parents or guardians of the student's decision if the student is a dependent. The student will receive a diploma if the student has met the Wellington-Napoleon R-IX School District's graduation requirements. The student who chooses early graduation will become alumni effective immediately and will be allowed to participate in the spring graduation ceremonies but not any other school activities.

### *Credit Recovery*

Students may be allowed to accumulate credit through a District approved credit recovery program to meet graduation requirements. The credit earned will not affect GPA.

### *Graduation Honors*

Because the Wellington-Napoleon R-IX Board of Education wishes to recognize and reward students who display exceptional academic ability, as well as potential for future excellence, a cumulative grade point average from grades 9-12 will be utilized to determine the student's final cumulative grade point average. Class rank will be determined by assigning grade points for each letter grade earned and computing the average grade point for all classes completed at the Wellington-Napoleon campus including courses taken at the Technical School and online dual credit courses.

The Latin honors will consist of a cumulative GPA for cum laude - 3.5 to 3.7599; cumulative GPA for magna cum laude - 3.76 to 3.999; cumulative GPA for summa cum laude - 4.0 and above. Latin honors will be determined after first semester grades have been finalized of their senior year.

For Seniors at Graduation, cumulative weighted high school GPA will be used to determine honors. This will be noted in the graduation program along with graduates wearing honor cords for their respective level of honor. A cum laude grade point system will be used as a way to honor more students and regain self-competition with their grades. Cumulative GPA for cum laude is 3.5 to 3.7599; cumulative GPA for magna cum laude is 3.76 to 3.999; cumulative GPA for summa cum laude is 4.0 and above. Graduation Speaker will be determined by the process outlined below.

### *Graduation Speaker*

All students who had a cumulative weighted GPA of 3.76+ (Magna or Summa) as of the end of the 1st semester of their Senior year and are in good standing with the school are eligible to be a speaker. Interested speakers will enter into a selection process ending with two student speakers being selected. The selection process will include an application process, interview with a committee of people (administrator, teacher,

Senior class representative,), submitting a rough draft of the speech and a run through of the speech in front of an audience.

3.5-3.7599 Cum Laude (with honors)

3.76-3.999 Magna (with great honor)

4.0+ Summa Cum Laude (with highest honors)

### *Graduation for Students Eligible for Services under the IDEA*

Students eligible for services under the Individuals with Disabilities Education Act (IDEA) who will have completed four years of high school at the end of a school year may participate in the graduation ceremony and all related activities of the student's graduating class if:

1. The student's Individualized Education Program (IEP) prescribes special education, transition planning, transition services or related services beyond the student's four years of high school, and
2. The student's IEP team determines the student is making progress toward the completion of the IEP and that participation in the graduation ceremony is appropriate.

The student and the student's parent/guardian will be provided written notice of this policy at the annual IEP meeting prior to or during the student's fourth year of high school.

Dual credit courses also enrich and extend the high school curriculum and provide introductory college coursework.

- *Dual Credit classes are available to juniors and seniors who have a 3.0 or higher GPA.*
- *Dual-credit students will be required to attend in-seat under the direct supervision of school personnel during the dual credit hour.*

The District is required to undertake measures to identify and locate every qualified disabled person residing in the District who is not receiving a public education; and take appropriate steps to notify disabled persons and their parent or guardians of the District's duty.

The District will provide free appropriate public education (FAPE) to each qualified disabled person in the District's jurisdiction regardless of the nature or severity of the person's disability. The District has developed a 504 Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. This Procedures Manual may be reviewed in the office of the Director of Special Programs, Hayley West, 800 N. Hwy 131

The District assures that personally identifiable information collected, used, or maintained by the District for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the District to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA).

### ***Technology F-265-S***

The device your child is using is an educational tool and should be used in that manner. Failure to comply with this technology policy can result in loss of chromebook privileges.

Before the district's technology is assigned to a student, the parents must assume financial responsibility for the equipment. This includes any damages or loss of the

equipment. In the event that a chromebook or technology device is stolen a police report must be made.

If the technology has a general failure, the device will be swapped out with a different one or repaired as necessary. General failures are classified as normal wear and tear objects. Wear and tear will be determined by the Technology Director after inspecting the damage that has been done to the chromebook.

When technology is taken home by a student under special circumstances, the technology must be used as if it were at the school. The technology must return back to the school in the same condition that it left the school. Technology must be fully charged and ready to use in class upon the return of the student.

All school technology is property of the Wellington Napoleon school district. The Wellington Napoleon school district has the right to demand immediate return of a device at any time. The technology device should only be used by the student who has signed the agreement. All technology devices are monitored by the Wellington Napoleon school district.

**Internet Usage:** At the Wellington Napoleon school district, internet use must be school appropriate and ethical. If you are searching for inappropriate items while connected to the Wellington Napoleon school district, disciplinary action will be taken. This can cause you to lose all access to usage of the schools internet at the discretion of the Administration and Technology Director.

**Acceptable Use:** All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District.

Student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children's Internet Protection Act (CIPA).

**Unacceptable Use:** Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. The network may not be used to download, duplicate, or distribute copyrighted materials. The network shall not be used for any unlawful purposes. Use of profanity, harassing, or other offensive or discriminatory language is prohibited.

## **User Agreements**

Parents and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (See User Agreement form in this handbook.)

**Safety and Cybersecurity:** The District monitors the online activities of students and operates a technology protection measure (“filtering/blocking device”) on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

**Email Consent:** The faculty of the District strives to communicate and work together with the parents and guardians of our students. Email is one tool that promotes convenient, two-way communication between families and teachers. Though the District network is secure, we cannot guarantee that an email sent from the District server will remain secure once it leaves our system. When teachers or administrators receive email from outside sources, the identity of the person cannot always be easily discerned.

Therefore, permission must be granted by the parent/guardian to allow teachers or administrators to use email for communication. To remain compliant with the Family Educational Rights and Privacy Act (FERPA), email will not be used to send grading, attendance, discipline information of students, or other personally identifiable information without permission to do so. The District also encourages parents to access the District’s parent portal, a secure measure, to check your child’s school information and progress.

By signing the student handbook, you are agreeing to the District permission to email academic, attendance, discipline, or other personally identifiable information to the email address(es) provided by parents and guardians through the district SIS system. I understand that by giving this permission, there is no guarantee that the information will be fully secure and do not hold the District liable for any inappropriate release of student information that may violate the FERPA regulations as a result of any email communication. Should your email address change, please contact the District as soon as possible to get it updated.

Education records will be forwarded to other schools or agencies when requested by the school the student is transferring to.

### ***Extra-curricular Activities and Clubs I-210-S***

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

### **Extra Curricular Activities, Clubs, and Events Eligibility Policy**

The staff and Board of Education at Wellington-Napoleon R-IX High School believe that the education of students is our number one goal. To obtain this end, we must make sure that the emphasis both during school and after school hours is to give our students the opportunity to be successful. We believe to be successful; a student must take every possible step towards a passing grade in all classes that they are enrolled in. If this priority is to become a reality, new steps must be taken to place more emphasis on the classroom performance. Extra-curricular activities are important, but a student's education has to be our main focus. Eligibility will be gained or lost on a semester basis. Per MSHSAA by-laws a student must pass 80% of offered coursework to be eligible for activities. This would result in a student passing a minimum of 6/7 offered course to maintain eligibility. If a student fails more than one course then he/she will not be allowed to participate in or attend activities, nor will he/she be allowed to be a part of any organizations at school. This pertains to both MSHSAA and non-MSHSAA activities and events. Students must also maintain the citizen standards (see below) to be eligible to participate.

1. The District will not generally grant requests for transfers but the District will make limited exceptions based upon educational needs of the student. Resident parents/guardians may request a transfer to another school within the District by completing the transfer request form available on the website. All transfer requests will consider a school's space and class sizes. The District may rescind a transfer for any reason, including but not limited to, disciplinary issues and absenteeism. Any student who transfers to a school outside the student's attendance area based upon residence will be subject to all eligibility rules of the Missouri State High School Activities Association (MSHSAA). The final decision regarding a student transfer rests with the District administration. The District will not provide transportation outside the student's attendance area unless required by law. The Board authorizes the Superintendent to establish student transfer procedures.
2. The Superintendent or designee may transfer students between schools if a transfer is necessary for the student's safety, health, or welfare, or to address overcrowding in a school. The decision of the Superintendent regarding a student transfer will be final.
3. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student's attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school Districts, Districts may contract for necessary services for students with disabilities.
4. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the District in which the program is housed. The District will allow a student to attend another school within the District if that student is enrolled in a persistently dangerous school or becomes a victim of a violent criminal offense on school property as mandated by state regulations.

### ***Trauma-Informed Schools Initiative***

The Missouri Department of Elementary and Secondary Education (DESE) has established the "Trauma-Informed Schools Initiative" and created a website with more information about this initiative. In accordance with Missouri law, the District is providing notice of the address for this website: <https://dese.mo.gov/college-career-readiness/school-counseling/traumainformed>.

### ***Tobacco-Free Policy C-150-S***

To promote the health of all individuals, the District prohibits all employees, students and patrons from smoking or using tobacco products, electronic cigarettes or imitation tobacco or cigarette products in all District facilities, on District transportation, on all District grounds at all times and at any District-sponsored event or activity while off campus.

### ***Firearms and Weapons F-235-S***

Possession of weapons, including concealed weapons, is strictly prohibited on District property, on District transportation or at any District function or activity sponsored by the District unless the visitor is an authorized law enforcement official or is specifically authorized by the Board.

### ***Use of Recording Devices or Drones C-165-S***

The District prohibits audio and visual recordings on District property, District transportation or at a District activity unless authorized by the Superintendent.

Requests for such authorization must be made within a reasonable period of time prior to the recording. Unless otherwise specified by the Superintendent, exceptions in Policy C-165-P apply to this prohibition.

All unmanned aircraft systems (UAS), commonly known as drones, with the potential to capture or produce visual images of District property or District events must be operated in accordance with applicable Federal Aviation Administration regulations or safety guidelines and must receive authorization from the Superintendent to operate a UAS on or over District property or at a District event.

# **Athletic/Activity Handbook**

The purpose of this handbook is to provide a statement of philosophy in interscholastic athletics for the Wellington-Napoleon R-IX School District. It is the philosophy of Wellington-Napoleon R-IX that a quality program of athletics will be conducted as an integral part of the educational program in the District.

## ***Statement of Philosophy***

The Wellington-Napoleon R-IX Board of Education, administration, and faculty believe that co-curricular activities are an integral part of the overall education program.

Activities are for all students who qualify under eligibility requirements set forth by the state and school. We believe that participation will contribute to the following:

1. The development of skills for social expression, recreation and resourcefulness.
2. The improvement of health, fitness and general welfare of all individuals taking part in the program.
3. The development of citizenship, self-control, self-discipline, cooperation, leadership and the acceptance of leadership and respect for individual associates and opponents.
4. The stimulation of all participants to achieve academic progress and to make a contribution to the general education program of the school.

To be of the maximum effectiveness, the activity program must be closely coordinated with the general instructional program of the school. It must be such that the number of students accommodated and the educational aims achieved justify its inclusion in the overall educational program. It must also be based on a spirit of participation and regarded as a privileged opportunity.

## ***Eligibility Standards for Interscholastic Activities***

Representing the Wellington-Napoleon R-IX School District in interscholastic and intrascholastic activities is a privilege to be attained by meeting the standards developed cooperatively by the Board of Education, Administration, and Teachers of the school District and the Missouri State High School Activities Association (MSHSAA).

**An interscholastic** activity shall be defined as any extra-class activity involving two or more schools, in which two or more students participate as representatives of their schools in which no grade or credit is given.

**An intrascholastic** activity shall be defined as any extra-class activity involving Wellington-Napoleon R-IX School alone in which two or more Wellington-Napoleon students are represented.

The eligibility rules of the MSHSAA must be complied with in full. Coaches and sponsors should inform participants of these rules (see Article VII, MSHSAA OFFICIAL HANDBOOK).

## ***Academic Standards***

### **Grades 9-12**

- You must have earned, the preceding semester of attendance, a minimum of 3.0 units of credit or have earned credit in 80% of the maximum allowable classes in which any student can be enrolled in the semester, whichever is greater, at your school. An athlete must pass 6 out of 7 classes at WN.
- For your current semester, you must be enrolled in and regularly attending courses that offer 3.0 units of credit or 80% of the maximum allowable credits which may be earned, whichever is greater, for your school.
- Credits earned or completed after the close of the semester will not fulfill this requirement. Summer high school courses for academic eligibility may count provided the course is necessary for graduation or promotion (no electives), and it is placed on the school transcript. No more than one credit in summer school shall be counted toward eligibility. Correspondence courses do not count.
- Students promoted for the first time into 7th or 9th grade are considered academically eligible for the first semester after promotion.
- You must be making satisfactory progress toward graduation as determined by your local school's policies.
- Do not drop courses without first consulting with your school principal, athletic administrator or counselor to determine whether it will affect your eligibility.

### **Grades 7-8**

- You must be enrolled in a normal course load for your grade at the member school.
- You must have been promoted to a higher grade prior to the first day of classes for the new school year. However, even though you may have been promoted, you will be ineligible for one quarter if you failed more than one course the previous quarter.

## ***Insurance***

Students who participate in an interscholastic sports program must have insurance to be eligible to participate.

## ***Non-School Competition***

Athletes will be allowed to participate in non-school sports as long as 1) the sport cannot be the same sport during the HS season Ex: a basketball player cannot play non-school basketball during the school's basketball season (per MSHSAA) 2) a school practice or contest can NOT be missed to attend a non-school practice or event without prior approval from the coach

## ***Citizenship Standards***

Students who represent a school in interscholastic activities must be credible citizens and judged so by the proper school authority certifying a list of students for competition. Those students whose character or conduct is such as to reflect discredit upon themselves or their schools are not considered credible citizens. Conduct shall be satisfactory in accord with the standards of good discipline. If a student misses school on the date of a contest, he or she shall not be considered eligible on that date without special approval by the principal. A student having an unexcused absence on a given day may not be eligible to participate in a contest until he/she has attended a full day of classes without an unexcused absence before eligibility is reinstated.

### ***Semesters of Participation***

A student shall not participate for more than four seasons while in grades 9-12 in an interscholastic activity, and these shall be during the student's first eight semesters of attendance in high school beginning with his or her entrance in the ninth grade and the eighth semester shall follow immediately the seventh semester. Any part of a contest or interscholastic event in which a student competes shall count as a season of participation in that activity. Attendance on or after the twentieth day of a semester shall count as a semester of attendance under this rule. If the student participates in any part of an interscholastic event or contest, it shall be counted as a semester of participation.

A student who applies for, and is granted, leave from school any time after the junior year to take advantage of an Early Release Program shall no longer be eligible for interscholastic competition even though he or she may later return to school.

A student is eligible for only two semesters in each grade, the seventh and eighth grade beginning with the first semester of entrance in each grade. A student who is repeating a grade is not eligible to compete athletically.

### ***Unsportsmanlike Conduct***

Use of abusive language or fighting is not permitted under any circumstances. Punishment for individuals involved is at the discretion of the coaches, athletic director and administrator. Participants should remember that if an official removes the student from a contest, they are ineligible for the next contest, and they may not attend the contest.

In the event of an ejection, the coach/player must leave the vicinity of the playing field out of site of the competition. Off-site baseball and softball or other facilities are an extension of the school during practices and games. If there is an ejection from one of these events, they must leave the park to be in compliance.

## ***Conduct and Dress on Contest Days***

Participants will be considered "good will" ambassadors for Wellington-Napoleon School. They are expected to follow the dress guidelines that the coach or advisor establishes for the group.

## ***Equipment***

In order to give the student a sense of responsibility and an appreciation of their equipment, each athlete will be held responsible and accountable for the abuse and or loss of equipment. Any equipment lost or stolen must be paid for by the student in whose name it was checked out. An athlete will not be eligible to compete for another sport until all of their equipment has been returned or fees paid from their previous sport. The following guidelines, if adhered to, will reduce the chances of lost or stolen equipment.

1. Do not exchange or loan any of the equipment checked out to you to another teammate. Exchange or loan only after given permission by the coach.
2. Keep your locker closed and locked at all times when it is not in visual contact. This includes during showers.
3. Any loss of equipment should be reported immediately to the Head Coach, rather than waiting until the end of the season.
4. Any protective equipment that does not fit properly or that is defective should be reported to a coach immediately. Do not wear the equipment until the necessary adjustments have been made. This is for your protection.
5. All equipment should be worn only at school and never outside of school unless permitted by the head coach of that sport.
6. Any equipment or uniforms you see out of school which does not belong to the individual or individuals should be reported to a coach or the athletic director. By doing this, you are not only helping the athletic department, but also the individual who must pay for the stolen items. As a part of the lettering policy for all sports at Wellington-Napoleon High School, all equipment must be turned in clean and cared for or paid for if lost or stolen before any awards will be given! This includes letters, certificates, plaques, etc.

## ***Attendance Procedures***

- To be able to attend or participate in extracurricular activities after school a student must be present from the beginning of third hour through the remainder of the day. The only exception is if the student has a doctor's note or a pre-approval with an administrator. Students should bring a note from the doctor's office with sufficient information to verify the office visit.
- If a student attends an away event on the day they are absent or ineligible to attend, they will be unable to attend the next home event as an observer.

- In the event of a daytime activity, field trip, etc., the student must have been present the day before from third hour through the remainder of the day.
- Students who attend a morning practice, and then do not attend school (without a reasonable medical/emergency excuse) will be required to miss the next practice.

## ***Suspensions and Expulsions***

A student that is assigned ISS will not be able to participate or attend any activities the day the ISS is assigned. This includes practices and contests. In the event that ISS occurs on a non-contest date, the unexcused practice absence will result in being suspended for the next contest.

Students may not practice, participate, or attend any school activity while serving an Out-of-School Suspension or Expulsion. The student who is expelled or who withdraws from school because of disciplinary measures shall not be considered eligible for 365 days from the date of expulsion or withdrawal.

## ***Transportation***

Students are to ride the team bus to all activities unless prior approval has been given by a school administrator. The coach/sponsor may release the student to ride home from the activity with the student's parent upon the presentation of a signed note to the coach/sponsor by the parent. The school will release a student to another parent only when prior arrangements are made by the parent through the administration with a handwritten signed note. No student will be released to anyone other than the parent or another designated adult and then only after proper arrangements have been previously made.

## ***Physical Examinations***

All athletes and cheerleaders are required to have a physical examination before starting athletic practice each year. This examination may be anytime after February 1st preceding the school year. Athletes should secure the examination form from the athletic office and have the physician use this form. The parent or guardian must sign the parent's permission form, which is part of the physical form. All athletes and cheerleaders are required to have insurance prior to starting practice.

## ***Athletic Lettering Policies***

### **Basketball (Boys and Girls)**

Letter: play in one fourth of total varsity quarters possible

### **Baseball and Softball**

Letter: Play in one fourth of total varsity innings possible

### **Football**

Letter – play in one fourth of total varsity quarters possible

Activities include cheering at athletic events, hosting pep rallies, and participating in fundraising to help in attending summer cheerleading camps.

\*If a cheerleader is suspended or absent from cheering at an athletic event this does not count toward cheering at athletic events for lettering. Injury with a doctor's note excuses them from the event(s) included in the time period per the doctor.

### **Track**

Letter – Compete at all the track meets to the best of your ability, finish the season in good standing with the coaching staff, and earn at least one point, finishing in the top eight at a track meet. An excused absence from a track meet would include, medical emergency, long standing injury with a doctor's note, or a funeral.

### **Volleyball**

Letter - play in one fourth of total varsity sets

## ***Parent Information***

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, everyone is better able to accept the actions of the other and provide greater benefit to students. As parents, when your student becomes involved in a program, you have the right to understand what expectations are placed on your student. This begins with clear communication from the coach of your student's program. Coaches and parents are expected to encourage and praise students in their attempt to improve themselves as students, athletes, and citizens. Parents can facilitate this by gaining an understanding and appreciation of all aspects of the sport/activity and the expectations placed on your student.

It is important to understand that participation on an athletic team at Wellington-Napoleon R-IX High School is a privilege and not a right. Being on a team and maintaining one's membership on a team means accepting all the responsibilities of an athlete. However, unlike recreational or intramural teams, equal or guaranteed playing time does not exist. In an effort to win, a coach will use players best suited to the conditions or demands of the contest at a given time.

### ***Inclement Weather-School Dismissal***

If school is dismissed, all activities such as practices, trips, meetings, games, and contests will be based on administrative discretion. Student safety will be the top determining factor driving the decision making process for inclement weather decisions. ***Exceptions:*** Tournament ball games, District, and state contests or meetings.

### ***Parent/Coach Communication***

Appropriate concerns to discuss with your child's coach:

- The treatment of your child, mentally and/or physically
- Ways to help your child improve
- Concerns about your child's behavior

Issues not appropriate to discuss with your child's coach:

- Playing time
- Team strategy
- Play calling
- Other student-athletes/participants

There are situations that may require a conference between the coach and the parent. It is important that both parties involved have a clear understanding of the other's position. Everyone involved is expected to be respectful, show appreciation of the other's role, and to reinforce the policies and procedures outlined in this handbook. When you as a parent, or the coach feels a conference is necessary, we ask that both parties wait at least 24 hours following a contest and to keep in mind our communication chain of command.

Should you have any questions or concerns, do not approach the coach immediately at the conclusion of the contest. At this time, coaches have other responsibilities, and it may be an emotional time. Call and make an appointment for a later time and approach this meeting in a calm, courteous, and logical manner.

### ***Athletic Chain of Command:***

#### **1. Athlete-Coach Meeting**

If a player has any issue or problem with his/her sport experience, the student-athlete is expected to address the coaching staff. The District's expectations of coaches include open communication.

#### **2. Athlete-Parent-Coach Meeting**

If an issue has not been resolved in step one, this is the next step in the chain of command. The guideline here is to set up an appointment face to face with the coach/coaching staff. The parent or player should define the purpose of the meeting when the appointment is set.

#### **3. Athlete-Parent-Coach-Administrator Meeting**

If an issue is not resolved in step two, this is the next step in the chain of command. Using the same process as above, an appointment is set and all parties define the purpose of the meeting. This meeting needs to be set by Mr. Hughes/Activities Director.

### ***Unacceptable Behavior***

1. Do not use bad language and harass athletes, coaches, officials, or other spectators. Use of demeaning language towards an individual will not be tolerated. If an individual believes they have been approached in any way described above before, during or after an event, the following steps will be taken.

First Offense: Offending individual is banned from all District activities and property for two (2) weeks.

Second Offense: Offending individual is banned from all District activities and property for a minimum of one (1) calendar year. The ban may be lifted after it has been reviewed by school administration.

2. Use of physical contact or violent behavior towards an individual.  
First Offense: Offending individuals is banned from all District activities and property for a minimum of one (1) calendar year. The ban will only be lifted after it has been reviewed by school administration.

When a person has been banned, it will include both home and away activities. “Banned” is defined as a status where a person is not allowed or invited onto District property. The Superintendent may make exceptions to this ban with prior approval.

### ***Parent Sportsmanship Agreement***

*The I-70 conference knows that parents play an important role in helping their own children and other players learn good sportsmanship and self-discipline. Parents must set an example when it comes to demonstrating the importance of working together, sacrificing for the good of the team, enjoying winning, and dealing appropriately with defeat. Parents and spectators should be role models of good behavior at sporting events.*

#### ***Parents and Spectators are expected to:***

1. Cheer for your team and refrain from booing or other similar comments.
2. Treat players, coaches, opponents, and officials with respect.
3. It is okay to react to a call that doesn't go your team's way, but do not dwell on the call by continuing to yell at officials.
4. Remember that the primary value of athletic participation is to provide our youth with an opportunity for self-development: physically, emotionally, and mentally.
5. Remember that the game is for the players, not for the adults.
6. Be aware that if a parent conference is desired with the coach that it is HIGHLY inappropriate to speak with the coach regarding this at the conclusion of an event. Wait until the day after the event and call to schedule an appointment.
7. Help maintain a positive atmosphere by influencing your family members and friends to act sportsmanlike.
8. Understand and respect the different roles of parents, coaches and officials. Parents should parent, coaches should coach, officials should officiate and each should be treated with respect.

***Failing to show appropriate sportsmanlike behavior will lead to dismissal from any contest and could lead to being suspended from attending further games. The Schools of the I-70 conference promote good sportsmanship. Parents and spectators from each school are expected to show it.***

**Drug Testing Consent Form**

I have read and completely understand the District's policy and procedures regarding the Wellington-Napoleon R-IX School District student drug testing program.

I hereby give consent for my student to participate in the drug testing program at Wellington-Napoleon Middle/High School. I understand that my student will be placed in the pool for random drug testing and that the Wellington-Napoleon R-IX School District will pay for all random drug tests if my student is selected. I understand that if my student tests positive for drugs during a random drug test, I will have to pay for drug testing for him/her to be reinstated into extracurricular activities or park on school property.

I understand that students who wish to drop out of the drug pool must first have their parent/guardian come to the school and meet with the High School Principal or Activities Director. The student and parent/guardian must sign a release form stating that they no longer wish to participate in the random drug testing pool. If the student is 18 years of age and living on his/her own, he/she needs to come in and meet with the High School Principal or A.D. to drop out of the testing pool. Once a student enters the pool, he/she must remain in the pool for the remainder of the school year to be eligible to participate in extracurricular activities or park on school property for the next school year.
